<p>34 ex Army Bird Dogs moved c2006 from Amphur Khaeng Koi [14.436392°, 101.040136°] (still there 13Jan06, but at Saraburi by 2007). Dataplates were checked at Amphur Khaeng Koi Feb03, but not all have been re-checked since the move.</p> <p>By 2013 the Bird Dogs (including the RTAF ones listed above) had their wings removed, and all the aircraft were buried in deep undergrowth at approximately 14.439963°, 101.019993°.</p> <p>By Mar14 the wingless Bird Dogs were parked in an open field at 14.440698°, 101.020996°, and most were still there Mar16, although odd ones (at least 3) had been saved and had moved out by the end of 2016. The majority (including at least 6 of the 7 RTAF ones listed above) were however still in the field in Feb18, most in very poor condition.</p> <p>There were still at least 12 Bird Dogs in the open field in Jan19.</p>
