Introduction

Key dates to be born in mind:-

31Aug57	Federation of Malaya formed, independent of Britain, excluding East Malaya & Singapore.
16Sep63	Federation of Malaysia formed, to include East Malaya (Sabah & Sarawak) & Singapore.
09Aug65	Singapore became an independent republic, and left the Federation of Malaysia.

Registration prefixes in the region were:-

VR-O.. British North Borneo (Sabah)
VR-R.. Malaya
VR-S.. Singapore
VR-W.. Sarawak

Since 01Jan59, Malayan & Malaysian civil aircraft have been registered with the national prefix 9M- followed by a three-letter individual registration. On paper, all extant VR-R.. & VR-S.. registered aircraft gained new 9M-… marks from 01Jan59, followed by VR-O.. & VR-W.. in 1963. From 1964, ie. before formal independence, Singapore began to use the prefix 9V-…

Non-expiring Certificates of Registration (CofR's), sequentially numbered in the form M.1234, were issued under CAR 1996 until 15th April 2016. These had reached approximately M.2000 by April 2016.

A new system was introduced with the issue of a new CAR (CAR 2016) from 15th April 2016. These CofR's commenced AR/16/001, 002, 003 etc, '16' being the year of issue, followed by a sequential number restarting at /001 each year. These new CofR's remain valid for a maximum of 3 years, and are normally reissued under these circumstances:-

a) If voluntarily requested by the Certificate Holder,
b) When there is a change of ownership of the aircraft; or
c) When there is an application for renewal of CofA.

CofR's remain valid otherwise, although aircraft may not have a current CofA. This leads to many inactive aircraft being formally listed with the status of 'Registered', although having no CofA and maybe having been long-scrapped.

In the listing below:-

- Aircraft currently-registered (but not necessarily active, or even airworthy) are highlighted in green, thus 9M-AAA.
- Details of previous and subsequent histories shown in brackets & green italics thus *[nnnnn]*

www.mai-aviation.net

- Registrations not taken up are in brackets & shaded thus (9M-AHR)
- Registrations reported but believed to be in error are shaded thus 9M-BFD
- Fake marks are shown thus *'9M-DDT'*
- Aircraft "*names*" are shown italicised.

Notes on Operators

Many operators have been renamed / rebranded over the years. Some examples are:-

Langkawi Aerospace Training Centre *(2003)* > HM Aerospace Sdn.Bhd. *(from 2005 ?)*

Malayan Airways Ltd *(1947)* > Malaysian Airways Ltd *(from 1963)* > Malaysia-Singapore Airlines (MSA) *(from 1966)* > Malaysian Airline System (MAS) *(from 1972)* > Malaysia Airlines Bhd. *(from 2015)*

Malaysian Helicopter Services *(1983)* > MHS Aviation Sdn.Bhd. *(from 2003)* (although MHS Aviation Sdn.Bhd. existed pre-2003)

Transmile Air Services Sdn.Bhd. > Raya Airways *(from 2014)*
